

m_time_duplicate::split

```
graph LR; A[m_time_duplicate::split] --> B[m_time_duplicate::lower]
```

A diagram showing a transition from a state labeled 'm_time_duplicate::split' to another state labeled 'm_time_duplicate::lower'. The first state is in a gray box, and the second is in a white box. A blue arrow points from the first box to the second.

m_time_duplicate::lower
